

Cookies Policy

At Claims Planet Ltd., we believe in being clear and open about how we collect and use data related to you. In the spirit of transparency, this policy provides detailed information about how and when we use cookies. This cookie policy applies to any Claims Planet product or service that links to this policy or incorporates it by reference.

Does Claims Planet Use Cookies?

Yes. As described in Section 1.4 of our Privacy Policy, we use cookies and other technologies to ensure everyone who uses Claims Planet has the best possible experience. Cookies also help us keep your account safe. By continuing to visit or use our services, you are agreeing to the use of cookies and similar technologies for the purposes we describe in this policy.

What Is A Cookie?

A cookie is a small file placed onto your device that enables Claims Planet features and functionality. For example, cookies enable us to identify your device, secure your access to Claims Planet and our sites generally, and even help us know if someone attempts to access your account from a different device. Cookies also enable you to easily share content on Claims Planet and help us serve relevant ads to you.

When Does Claims Planet Place Cookies?

We use cookies on our sites and mobile applications. Any browser visiting these sites will receive cookies from us.

What Types Of Cookies Does Claims Planet Use?

We use two types: persistent cookies and session cookies. A persistent cookie helps us recognize you as an existing user, so it's easier to return to Claims Planet or interact with our services without signing in again. After you sign in, a persistent cookie stays in your browser and will be read by Claims Planet when you return to one of our sites or a partner site that uses our services (for example, our sharing or job application buttons). Session cookies only last for as long as the session (usually the current visit to a website or a browser session).

What Are Cookies Used For?

Cookies can be used to recognise you when you visit Claims Planet, remember your preferences, and give you a personalised experience that's in line with your settings. Cookies also make your interactions with Claims Planet faster and more secure.

Security

We use cookies to enable and support our security features, and to help us detect malicious activity and violations of our User Agreement.

Preferences, Features and Services

Cookies can tell us which language you prefer and what your communications preferences are. They can help you fill out forms on Claims Planet more easily. They also provide you with features, insights, and customised content in conjunction with our plugins.

Advertising

We may use cookies to show you relevant advertising both on and off the Claims Planet site. We may also use a cookie to learn whether someone who saw an ad later visited and took an action (e.g. downloaded a white paper or made a purchase) on the advertiser's site. Similarly, our partners may use a cookie to determine whether we've shown an ad and how it performed, or provide us with information about how you interact with ads. We may also work with a partner to show you an ad on or off Claims Planet, such as after you've visited a partner's site or application.

Performance, Analytics and Research

Cookies help us learn how well our site and plugins perform in different locations. We also use cookies to understand, improve, and research products, features, and services, including when you access Claims Planet from other websites, applications, or devices such as your work computer or your mobile device.

What Third-Party Cookies Does Claims Planet Use?

Our cookie table lists some of the third party cookies on our sites. Please note that the names of cookies, pixels and other technologies may change over time. Please also note that companies and other organisations that sponsor pages on Claims Planet may use cookies, pixels or other technologies on their Claims Planet pages to learn about your interest in them.

Controlling Cookies

Most browsers allow you to control cookies through their settings preferences. However, if you limit the ability of websites to set cookies, you may worsen your overall user experience, since it will no longer be personalised to you. It may also stop you from saving customised settings like login information.

What To Do If You Don't Want Cookies To Be Set Or Want Them To Be Removed?

If you don't want us to use cookies when you visit Claims Planet, you can opt-out of some cookies on your settings page. In order for us to recognise that you have opted out of cookies, we have to place our Claims Planet opt-out cookie on your device so we can know not to set other Claims Planet cookies the next time you visit. If you do not want to receive cookies, you can also change your browser settings on your computer or other device you're using to access our services. If you use Claims Planet without changing your browser settings, we'll assume that you're happy to receive all cookies on the Claims Planet website. Most browsers also provide functionality that lets you review and erase cookies, including Claims Planet cookies. Please note that the Claims Planet site will not work properly without cookies.

To find out more about cookies, including how to see what cookies have been set and how to manage and delete them, visit wikipedia.org, www.allaboutcookies.org, or www.aboutcookies.org.
